**Making Disciples - Every Nation and Every Generation**

Dear Family and Friends

In my last newsletter I mentioned that I was preparing to preach in our South Congregation on Disciples Proclaim. I loved being with this newly planted congregation that is just over a year old! If you would like to listen to the message you can watch [HERE](#)

This past weekend I was in Madrid, Spain for our annual European ENC Conference. We had 177 students and leaders from 18 countries across Europe!

It was a weekend where students are invited to experience the big picture of ENC and they can join wherever they are on their journey with God. The Gospel was presented throughout the weekend, and we are so excited to say that this weekend was not only filled with lots of fun but also salvations, recommitments and personal ministry for many!

I had the honour of preaching our second session on Awakening to the Son's Sacrifice and Lordship.

It was also exciting to take a group of students and student volunteers to this conference. Here's a little clip of our group from London having fun together.

After the conference we gathered our campus missionaries across Europe for a special time of ministry and encouragement. It's such a privilege to serve with these amazing heroes. Some are full time missionaries, some are working full time and volunteering to do ministry in their spare time, and some are in the early stages of planting churches near universities in their cities!

Stay tuned for a recap video from the whole conference in my next newsletter!

This Saturday I am speaking at our Gifted Day (a day where we speak on the gifts of the Holy Spirit) and then next week I am heading to Bologna, Italy on a Scout for future missions and a church plant coming up in 2027!

Please continue to cover me in prayers for health, strength and to be totally led by the Holy Spirit in the upcoming events.
