Making Disciples - Every Nation and Every Generation

Dear Family and Friends

I've been back in the UK (Slough) for a week now and I am beginning to get back into the swing of things. Thank you again for praying for my health during my sabbatical. I am feeling so much better, and I am looking forward to what God is going to do in this next season.

I want to also say thank you for your prayers for Wolfi. He is on an intense course of immunotherapy and pain management, so your continued prayers are appreciated and valued so much!

Prayer, especially at this time in the world, is so key and is our biggest weapon. As we all watch the news and hear the terrible realities of what is going on in Ukraine, our prayers are vital. Many of you know that I have done a handful of missions over the years in Ukraine, specifically in Lviv. We have seven Every Nation Churches throughout Ukraine and every one of them and their congregations are being affected right now. Many of the women and children have fled the country and many are hiding in underground shelters on a daily basis. Our church in Lviv is in the west of Ukraine and they are receiving and trying to help many of the Ukrainians who are fleeing from their homes in the east where the greatest intensity of the war is at the moment.

Over the years, I have mentored Sophia who is the daughter of our pastors in Lviv. I have walked with her off and on since she was a teenager and was just with her in November last year at our Evangelist Conference in Belgium. Here is a videoclip of her last week as the war started. This clip has also been shown on Fox news in the states. <https://youtu.be/R133MLbTC0o>

As I said above, we have Every Nation churches in seven Ukrainian cities. They and our church in Kraków, Poland (where I have also done missions over the years), have been preparing to take care of some of the 500,000+ refugees who are fleeing Eastern Ukraine. Please join us as we pray and give financially towards their efforts. If you are wondering how you can support

the people of Ukraine financially during this time, Every Nation has set up a way to give that is helping those specifically still in Ukraine and also the refugees that are fleeing into Poland and other areas where we have churches that are helping them.

For those of you in America, you can give here:

<https://give.everynation.org/donate/disaster-relief-ukraine>

For those of you in the UK, you can give here, and also have gift aid added onto your donation: <https://everynation.churchsuite.com/events/dxqagfwg>

Thank you again for your prayers and support. In the coming weeks I will begin to teach, preach and disciple new people. I look forward to sharing all that God is going to do!

Blessings

Traci
