Making Disciples - Every Nation and Every Generation

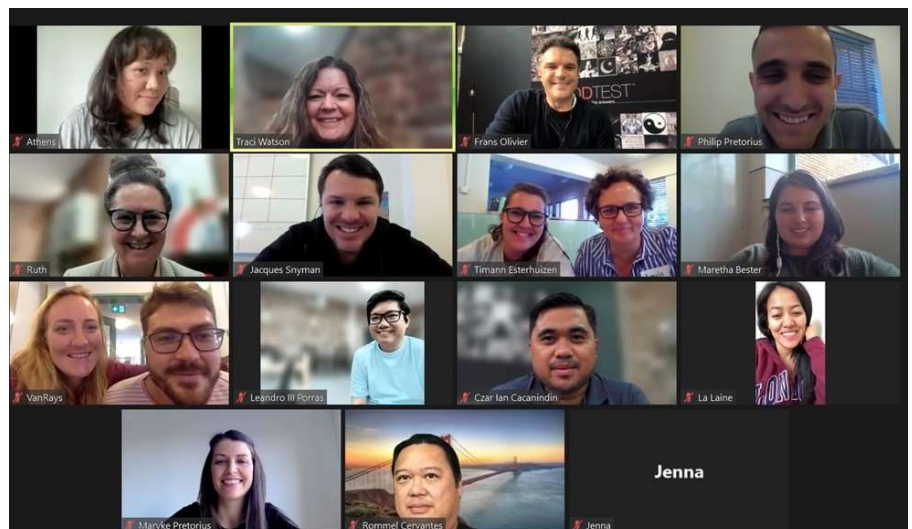

Dear Family and Friends

I made it through September! It's been such a busy month. In July the couple who were leading our Kids and Youth felt like God was calling them to move to another city in in England. The transition of them moving happened very quickly so over the last 2 months I have been working hard to make sure our Kids and Youth Teams have volunteer leaders who are trained and prepared to carry the load of each ministry. We have some amazing volunteers in our Slough congregation, and we are trusting that even though this transition has been fast, that this new season will produce growth in all areas of our Kids and Youth ministry.

I've also been working to get new Connect Group leaders trained and up and running in this new season. This past month has been especially busy because from mid-October I will only be working remotely, so I have been trying to get things running smoothly before I leave.

A few months back, I mentioned in my newsletter that I have started working more and more with our Every Nation Churches in Europe. I have been doing this throughout my time here in the UK but this year, it has become a significant part of my role. I am working with our European Missions Team that will be organising different types of missions throughout the year. I will be helping to plan as well as attending some of these missions. I will also occasionally be travelling to some of our church plants to consult, mentor and encourage the team and church.

On 16 October, I will be flying to Utrecht, Netherlands for a weeklong mission with our church plant there, doing evangelism on the University campuses. Here is a picture of part of the team on a training call for the mission. We have people joining from our EN churches in England, Scotland, Northern Ireland, Ireland and Norway for the mission.

I will have a short holiday when I return from Utrecht and then I will be going back to Cyprus on 4 November.

You will remember that in July I went to Cyprus to assess and support our church plant there. After much prayer with the pastors who planted the church three years ago, we determined that it was time for them to return to their home country and to fulfil their hearts desire to adopt a child. We have been helping them in this transition process and whilst we wait for new pastors to fill their position, I will be going to Cyprus to be the interim pastor over November and December. I have been mentoring different leaders there for a few years now and have met with their church online through the pandemic. This has given me a head start on building relationships with everyone but I would really appreciate your prayers as I step into this role. I have an excitement for what God is going to do during my time there!

Please also continue to pray with me for my health and financial support. God is faithful!

You are amazing and such a blessing!! Thank you again for all that you do! You are reaching the nations with me!

Loads of Love

Traci
